

**NEWPORT**  
MODEL LS2N

The Newport washtand provides a classic pairing of two architecturally-pleasing materials: wood and metal. The warm and natural richness of wood, combined with the luster of metalwork, imparts a perfect balance to this design.

The Newport has a fixed leg height of 33 1/2"

Palmer Consoles are completely modular and custom built to any design and leg configuration

Shown in Polished Nickel with Walnut Legs and a combination Wood & Metal Front Crossbar with optional Hammered Ball Fittings

Walnut with Polished Nickel

Walnut with Oil Rubbed Bronze

Walnut with Polished Brass
